

Michael Stolberg is professor and director of the Institute for the History of Medicine in Würzburg, Germany. He has published widely on the history early modern medicine. Since 2009, he has directed a database project on early modern physicians' correspondences, which currently provides data on about 45.000 letters written between 1500 and 1700 (www.aerztebriefe.de). His current work focuses on anatomical and medical training and ordinary medical practice in the Renaissance.
